DETAILED ACTION

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because Figure 11 is cut off at the top of the page. Likewise figures 33i and 33j appear to be mislabeled 32i and 32j. Also the Examiner notes that 24c and 32d are described in the specification but there is no accompanying drawing. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose nor reasonably suggest the combination of features as claimed and arranged by applicant.

US 5,351,075 to Herz discloses a home video club in which a video program scheduler 60 determines which timeslots to place programs based off user input and information. Herz then outputs this information in a printed program guide and does not disclose multiple cable headends. Herz, fails to teach menu instructions for determining

program positioning within each menu of each one of a plurality of cable headends based on viewer information.

Claims 1-7, 9-29, 31-36, 38-44, 49-51, and 53-55 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
